## California Department of Education School Accountability Report Card Reported Using Data from the 2015-16 School Year

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents/guardians, and community members should contact the school principal or the district office.

### DataQuest

DataQuest is an online data tool located on the [CDE DataQuest Web page](#) that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Principal, Pacific Union Elementary

### About Our School

This annual School Report is being issued to the school community by the Pacific Union School District Board of Trustees, as required by the 1988 passage of Proposition 98. The information contained within the report is being disseminated to the school community for the purposes of:

- Providing background information about Pacific Union School;
- Explaining the external conditions required to support the school;
- Describing the internal school functions necessary for teaching students; and
- Describing the academic and other important accomplishments of Pacific Union's students.

I hope that after reading this report you will more fully understand Pacific Union's total school program. Should you have questions or suggestions, please feel free to call me (834-2533) or visit our school website at [www.pacificunion.k12.ca.us](http://www.pacificunion.k12.ca.us).

### School Description and Mission Statement (School Year 2016-17)

Pacific Union School's mission is to prepare all students to function as informed, productive citizens; to achieve success in the work environment; and to realize personal fulfillment. Among Pacific Union's major goals are that students will;

- Reach high levels of academic and social achievement and esteem, both as learners and as persons;
- Be able to utilize higher level thinking skills;
- Be good problem solvers, communicators, and decision makers;
- Be competent in group processes
- Be accountable for their own behavior;
- Be self-directed learners; and
- Have concern for others.

The Pacific Union staff recognizes that the success of its educational mission depends upon the cooperative efforts of parents, students, school, and community. Therefore, the school's goals and priorities are developed and regularly reviewed through the cooperative efforts of all of these groups, through the activities of the following organizations and committees:

- District Board of Trustees;
- School Site Council;
- English Learner Advisory Committee;
- School Advisory Committee; and
- Student Council

## School Facility Conditions and Planned Improvements

### School Facility Conditions and Improvements

Pacific Union's facilities include nineteen regular classrooms and six portable/relocatable structures, which house the Superintendent, school's library, speech and counseling programs, Reading Intervention, RSP Classes, and band.

Safety, cleanliness, and maintenance of the site and facilities remain high priorities at Pacific Union School. Teachers, administrators, and other school personnel supervise the campus before, during, and after school, and during all extra-/co-curricular activities. Additionally, continuous interaction between staff and students encourages students to behave in a safe, disciplined manner. However, when inappropriate behavior does occur, it is immediately dealt with in accordance with the school's Discipline Policy.

### School Safety

To ensure the safety of Pacific Union's students and staff should a major emergency or disaster occur, an Emergency Preparedness Disaster Plan has been developed and implemented. This plan includes provisions for classroom disaster instruction and for regularly scheduled school-wide fire, earthquake, lock-down, and evacuation drills.

To further ensure student safety, Pacific Union has a Comprehensive Safety Plan in place for promoting school safety. It was last updated and reviewed in December 2015. All forms of racial and sexual harassment and gang activity have been prohibited.

A six-foot tall fence has been constructed around the school parking lot to provide extra security. Privacy fencing and gates were installed in the front of the school in 2006 to increase the safety of students when arriving and leaving school. In December 2010, privacy fencing was also added on the east side of the school yard near the park. This helped to secure and separate the students from neighboring homes. Fencing and gates were also installed at the main entrance to the school to provide more comprehensive monitoring of visitors to the school campus during school hours. Security cameras and additional lighting were installed during the 2013-2014 school year to further promote safety on campus.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

#### CAASPP Test Results in English Language Arts/Literacy (ELA) and Mathematics for All Students

Subject	Percent of Students Meeting or Exceeding the State Standards					
	School		District		State	
	2014-15	2015-16	2014-15	2015-16	2014-15	2015-16

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## C. Engagement

# State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite

### Opportunities for Parental Involvement (School Year 2016-17)

#### Opportunities for Parent Involvement

Pacific Union recognizes the success of its educational mission depends on the cooperative efforts of parents, students, school staff, board of trustees, and community. The school goals and priorities are developed and regularly reviewed through the cooperative efforts of all these groups. At the beginning of each school year, a letter regarding the volunteer program and the many ways in which parents/community members can become involved in the educational process, is sent home with each student. Early in the school year, parents are invited to attend "Back to School Night" to meet their child's teacher and become acquainted with school and classroom procedures. Parents are encouraged to participate in English Learner Advisory (ELAC), School Site Council (SSC), and Local Control Accountability meetings throughout the year. A monthly school activity calendar is sent home with students and posted on the school web site. Additionally, notes are sent home reminding parents of events that will take place at school and inviting them to attend.

## School Safety Plan (School Year 2016-17)

### School Safety Plan

Pacific Union School has a School Safety Plan that is reviewed and updated annually with all stake holders. Emergency drills are conducted monthly and the school maintains compliance with all laws, rules, and regulations pertaining to hazardous materials. Cleanliness and safety are top priorities at Pacific Union. Staff and students share in that responsibility. All staff survey the campus daily to ensure grounds are free of any safety hazards and that the campus presents a clean and orderly learning environment. Students are supervised at all recesses and when loading buses by classified or certificated employees. Visitors must register immediately upon entering school grounds and are given a visitor's badge for easy identification. The school's Comprehensive School Safety Plan was last updated in December, 2016.

**Types of Services Funded (Fiscal Year 2015-16)**

The special state and federal funds which Pacific Union receives are used to conduct programs which address students' special needs, including the following:

**Elementary and Secondary Education Act**

The Elementary and Secondary Education Act Program provides: (1) classroom instructional aides and materials to meet the educational needs of students at risk of failure; (2) library books, reference materials, computer software and hardware, and other curricular materials for instructional use; and (3) inservice training when possible for teachers, aides, and other school personnel, to enhance their instructional knowledge and skills.

**English Learners**

The English Learners Program provides both academic support and assistance in developing English fluency to those students who are identified, through the CELDT (California English Language Development Test) and other appropriate assessments, as limited-English-proficient.

**Special Education**

The Special Education Program consists of a Special Day Class; a Resource Specialist Program; and Designated Instruction and Services. The Special Day Class and the Resource Specialist Program provide academic support to those students who have identified learning disabilities which require that the students receive special assistance. Designated Instruction and Services provide instructional/support services (speech and language therapy, specialized services for students who have exceptional physical needs, etc.) that students may need to support their acquisition of the core curriculum.

**Title I**

The Title I Program provides academic assistance "over-and-above" that provided by the regular classroom program to those students who are below grade level in reading, language, and/or mathematics and whose teachers feel need extra help. Assistance to Title I students is provided within the classroom through the use of classroom instructional aides and/or teachers and additional classroom materials over and above that which is provided by the regular classroom program and through a pull out program when tutoring is offered.
